## Participation Form For Students (For Parent to Fill-up)

### About CPS OLYMPIADS FOUNDATION, NEW DELHI

CPS OLYMPIADS FOUNDATION, registered with the Government, with a mission to promote competition among school students by creating an ambience and providing them with an international platform to excel in their academic career by taking part in Various Educational Olympiads and competitive examinations, conducted by the foundation from time to time, every year.

CPS is conducting its 7th Olympiads between all the classes from 1st to 12th standard. International Maths Wizard Olympiad, International Science Supremo Olympiad, International English laureate Olympiad, International I.T. Whiz-Kid Olympiad, International S. S. G. K. Maestro Olympiad, International IQ Genius Olympiads and Hindi Varchasva Olympiad (1<sup>st</sup> to 10<sup>th</sup>). This is for your information only.

### Why a student should take part in these Olympiads?

1. International Platform: CPS Olympiads will be conducted throughout the length and breadth of India and other countries where ever Indian syllabuses are followed for school education.
2. The question papers and relevant study materials belong to international standard in quality. The students will benefit as local or regional standard does not reflects the appropriate insight, as far as global or national standard of competition is concerned.
3. CPS belongs to a group which has been assessing the student's results pertaining to the Olympiads conducted by various groups and societies from Delhi and other competitive examinations conducted by various universities for more than 2 decades and thus, knows the strong and weak areas of a student. These are the reasons CPS is ahead of others so far as educational Olympiads are concerned.
4. Most of the other Olympiads are conducted in the same manner such as, less than appropriate difficulty level, without any negative marking etc. to attract more participation which actually does not help a student much while facing a major competition. CPS uses appropriate difficulty level and negative marking so that fluke smarts can not succeed in falsely getting better result without calibre

The only Olympiad to offer a scanned copy of OMR answer sheet on demand a per the result is declared making it the most transparent. (applicable only for school)

5. PPR (Participant's Performance Report) each & every participating student will be

given PPR which will reflect their performance on a question-to-question analysis basis i.e. the analysis will be given against every question whether the same is right or wrongly answered giving parent & school an idea of a student's strong & weak areas to plan accordingly and improve.

6. In other words, if your ward brings meritorious results in CPS Olympiads with aplomb, he/she can face and succeed in any future competition with flying colors. Please give a chance to your children and see the difference.

# CONSENT FORM FOR PARENTS

## Participation Form For Students (For Parent to Fill-up)
